FEEDBACK ANALYSIS OF STUDENTS IN THE YEAR 2022-2023

### ACTION TAKEN FOR STUDENT FEEDBACK (2022-2023)

Feedback analysis of the year 2022-2023 says that students are not satisfied with the condition of the laboratory. To improve the laboratory facilities, more advanced equipment is planned to be purchased. Moreover, the college decided to provide access to IEEE transactions. IIET signed an MOU for different companies for the effectiveness of the internship. For the development of extra-curricular activities in the college, IIET decided to include more literal and performance art.

## FEEDBACK ANALYSIS OF EMPLOYERS IN THE YEAR 2022-2023

FEEDBACK ANALYSIS OF EMPLOYERS IN THE YEAR 2022-2023

### ACTION TAKEN FOR EMPLOYER FEEDBACK (2022-2023)

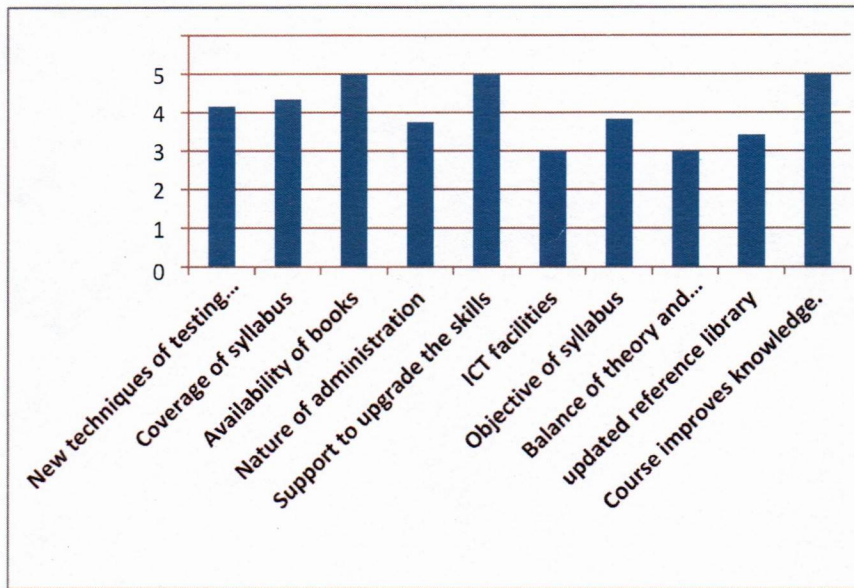

Based on feedback analysis of employers in the years 2022-2023, entrepreneur skills are less. To achieve this our organization conducted a Seminar on How To Become an Entrepreneur. However, some employers have poor knowledge about our organization and also students attitude towards learning is very low. IIET is planning to organize a seminar on how to improve the learning skills of students. To acquire additional skills for the electrical department students add-on courses on the Internet Of Things are provided.

## ACTION TAKEN FOR FACULTY FEEDBACK OF ALL DEPARTMENT(2022-2023)

### FEEDBACK ANALYSIS OF FACULTIES IN THE YEAR 2022-2023

FEEDBACK ANALYSIS OF FACULTIES IN THE YEAR 2022-2023

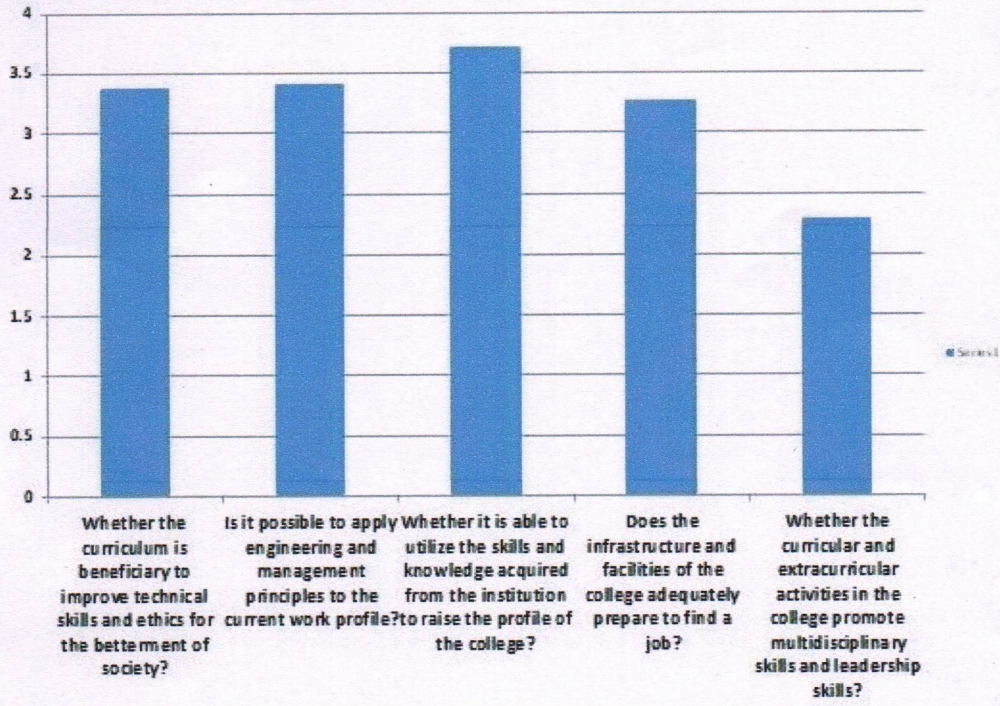

### ACTION TAKEN FOR FACULTY FEEDBACK

It is evident that, from the graph enclosed, teachers have given feedback that most of the questions are satisfactory. However major faculties say that the course/syllabus has less balance between theory and application its less. So IIET planned to conduct a seminar based on each department. Another one to improve is ICT facilities. To improve this classrooms in the college will be ICT-enabled with laptops, projectors, and whiteboard
