FEEDBACK ANALYSIS OF STUDENTS IN THE YEAR 2021-2022

ACTION TAKEN FOR STUDENT FEEDBACK (2021-2022)

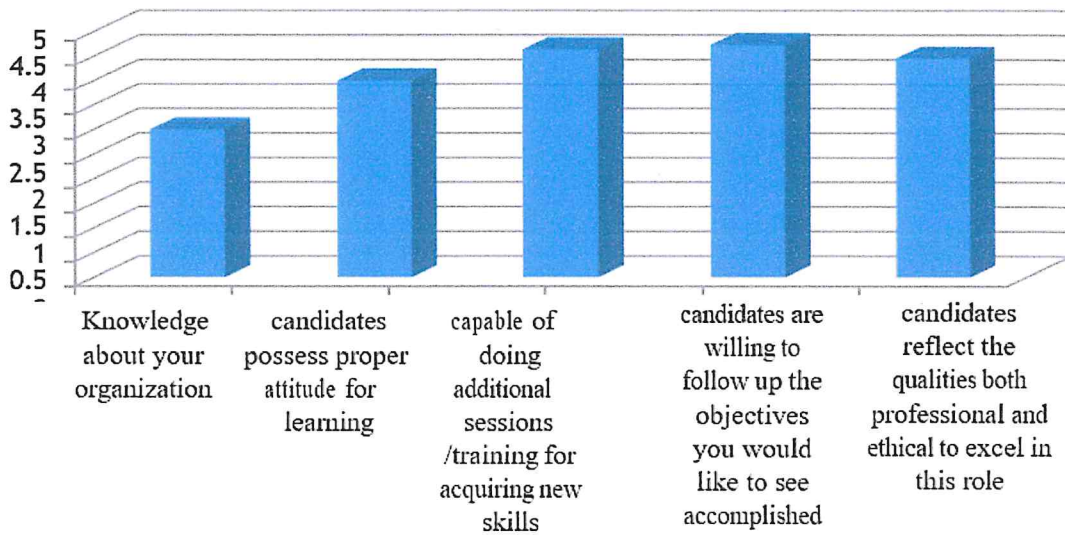

Feedback analysis of the year 2021-2022 says that students are not satisfied with the condition of the laboratory. Hence the heads of all departments request the management to purchase more laboratory equipment and machines. Students rated poor for canteen facilities. As a result construction work regarding the canteen just started in this year. Some candidates found difficulty regarding transportation. Thus management decided to purchase more college buses for the coming academic year. Also, students were given a seminar on how to research papers which helped the final-year students make their thesis

ACTION TAKEN FOR FACULTY FEEDBACK (2021-2022)

FEEDBACK ANALYSIS OF FACULTIES IN THE YEAR 2021-2022

FEEDBACK ANALYSIS OF FACULTIES IN THE YEAR 2021-2022

ACTION TAKEN FOR FACULTY FEEDBACK

The major issues identified in the evaluation of feedback were ICT facilities and balance of theory and practice. ICT facilities will be improved by providing the classrooms with laptops, projectors, and whiteboards. The balance of theory and practice will be improved by giving small projects for each subject. Thus students can increase knowledge through practical applications of theory parts
